CONTENTS OF VOLUME 114

Cahoon, Lawrence, B., Rachel S. Hartwell, Wendy King, and *Heather Striffler.* Macroalgal biomass and species composition as indicators of water quality in two North Carolina tidal marshes 165

Cooper, John E., Alvin L. Braswell, and *Christopher McGrath.* Noteworthy distributional records for crayfishes (Decapoda: Cambaridae) in North Carolina 1

De Bow, Tracey M., William David Webster, and *Perry W. Sumner.* Range expansion of the coyote, *Canis latrans* (Carnivora: Canidae), in North Carolina, with comments on management implications 43

Grant, Gilbert S., and *William W. Kirby-Smith.* Effect of open marsh water managent in winter bird populations on Topsail Island, North Carolina 31

Gunsauls, C. S., and *V. P. Collins.* Determination of zinc and phytate in vegetarian and non-vegetarian meals 159

Haggard, Paul W. Some series of Legendre numbers 56

Haggard, Paul W. Notes on generalized Pascal's matrices 215

Hamlett, William C., Mathew, K. Hysell, John Galvin, and *R. Spieler.* Reproductive accomodations for gestation in Atlantic guitarfish, *Rhinobatos lentoginosus,* Rhinobatidae 199

Jensen, Christopher, Frank J. Schwartz, and *Glen Hopkins.* A sea lamprey (*Petromyzon marinus*)-tiger shark (*Galeocerdo cuvier*) parasitic relationship off North Carolina 72

Kieber, Robert J., Kris A. Rudolph, Sybil K. Burgess, and *John D. Willey.* Effect of acid rain on alkalinity and calcium carbonate dissolution in the Albemarle Sound of North Carolina 63

Lamb, Trip, Rufus W. Gaul Jr., Maria L. Tripp, Jeffrey M. Horton, and *Bruce W. Grant.* A herpetofaunal inventory of the lower Roanoke River flood plain 43

Lee, David S. Occurrence of a golf ball in a Canada goose egg 163

Linzey, Donald W., Andra C. Deel, S. Jaron Adams, and *Juneta B. Linzey.* Spring and summer foods of *Bufo marinus* (Amphibia: Bufonidae) and *Eleutherodactylus johnstonei* (Amphibia: Leptodactylidae) in Bermuda 125

McFee, Wayne E., Kelly M. Robertson, and *Cristi A. Lux.* Records of striped dolphin, *Stennella coerleoalba,* stranded in South Carolina 119

Nwosu, Veronica C., and *Christine A. Oyeka.* Microbiological succession occurring during fermentation of Ogi—an African breakfast cereal 190

Olagunju, Amos O., and *Bayani Buclatin.* Mathematical ideas for personnel evaluation and selection 11

Safrit, Glenn W., Jr., and *Frank J. Schwartz.* Age and growth, weight, and gonadosomatic indices for female southern flounder, *Paralichthys lethostigma,* from Onslow Bay, North Carolina 137

Schwartz, F. J. Biological and ecological relationships for the young Atlantic spadefish, *Chaetodipterus faber* (Pisces: family Ephippidae) collected in the Cape Fear River estuary and adjacent waters, North Carolina, 1973 through 1978 23

Schwartz, F. J. Occurrence, size, length-weight, and ecological relationships for the shrimp eel, *Ophichthus gomesi* (Ophichthidae) from North Carolina 37

Schwartz, F. J. History of the Poor Boy Shark tournament in North Carolina 149

Schwartz, F. J. Fishes affected by freshwater inflows and/or marine intrusion in North Carolina 173

Schwartz, F. J. and *James F. Francesconi.* A deformed, multi-spotted red drum, *Sciaenops ocellatus* (Sciaenidae) from North Carolina 219

Stephens, Christina M., and *Richard L. Mayden.* Description of agonistic and courtship behaviors of the tricolor shiner, *Cyprinella trichroistia,* and the Tallapoose shiner, *Cyprinella gibbisi,* with recommendations for the conservation of the blue shiner, *Cyprinella caerulea* 209

Tong, Jingcheng. Sums of integer powers 41

Tong, Jingcheng. The mean value theorems for differentials and integrals 225

Abstracts of papers presented at the Senior and Collegiate Academy sessions, 27–29 March 1998, part of the North Carolina Academy of Sciences annual meeting held at North Carolina A&T State University, Greensboro, NC 74

Proceedings of the ninety-fifth annual meeting of the North Carolina Academy of Science, Inc. 27–29 March 1998 at North Carolina A&T State University, Greensboro, NC 227
